

Directory of  
Parent-to-Parent Resource  
Centers  
for  
Children with Special Needs and  
Children with Special Health Care Needs  
in  
Los Angeles County

Updated 3/19/07

Produced by the County of Los Angeles Children's Medical Services.  
This document is available for download at <http://lapublichealth.org/cms/publications.asp>

**Parent-to-Parent Support** is feeling focused emotional support that is driven by the parent reaching out to a peer for support. Parent-to-Parent support can be done face to face, through mail (electronic or surface) and on the phone.

This directory includes:

**(Early Start) Family Resource Centers ((ES)FRCs)**

**Family Empowerment Centers (FECs)**

**Community and Parent Resource Centers (CPRCs)**

**Parent Training and Information Center (PTI) – Southern California Region**

**Note:** The organization that represents **Family Voices** (FV – [www.familyvoicesofca.org](http://www.familyvoicesofca.org)) for this region is **Westside Family Resource and Empowerment Center** (page 4).

---

**(Early Start) Family Resource Centers ((ES)FRCs)** empower families raising a child with a disability or who are “at risk” of developing a disability, through information/education, referrals, and parent-to-parent support. (ES)FRCs in Los Angeles County have formed a network called the Family Resource Center Network of Los Angeles County (**FRCNLAC**). Their mission is to support and promote the development, expansion, and sharing of resources among the (Early Start) Family Resource Centers in Los Angeles County. Their goals are:

- To facilitate the referral of families and professionals to their local (Early Start) Family Resource Center.
- To promote parent/professional collaboration at all levels.
- To share resources and educational materials.
- To share training activities and educational opportunities.
- To support countywide public awareness and outreach.
- To coordinate a unified and consistent representation to the Family Resource Center Network of California.
- To explore the development of a centralized telephone referral system for all families residing in Los Angeles County.

Approved October 15, 1993

[www.frcnca.org](http://www.frcnca.org)

---

The purpose of the California Association of **Family Empowerment Centers (FECs)** is to provide information, resources, technical assistance, and systems change advocacy for a statewide network of local FECs who provide family education, empowerment, and parent-professional collaborative activities for families of children with disabilities ages 3-22 years old.

<http://cafec.org>

**Community Parent Resource Centers (CPRCs)** serve families of children and young adults from birth to age 22 with all disabilities: physical, cognitive, emotional, and learning. They help families obtain appropriate education and services for their children with disabilities; work to improve education results for all children; train and inform parents and professionals on a variety of topics; resolve problems between families and schools or other agencies; and connect children with disabilities to community resources that address their needs.

<http://www.taalliance.org>

---

**Parent Training and Information Centers (PTIs)** are authorized in Part D of the Individuals with Disabilities Education Act (IDEA) and are funded by the U. S. Department of Education, Office of Special Education Programs. Each PTI is mandated to assist parents to-

- A. better understand the nature of their children's disabilities and their educational and developmental needs;
- B. communicate effectively with personnel responsible for providing special education, early intervention, and related services;
- C. participate in decision-making processes and the development of individualized education programs (IEPs) under Part B and individualized family service plans under Part C;
- D. obtain appropriate information about the range of options, programs, services, and resources available to assist children with disabilities and their families;
- E. understand the provision of IDEA for the education of, and the provision of early intervention services to, children with disabilities; and
- F. participate in school reform activities.
